

DOUGLAS B. GIBBONS, DDS, PC

1101 Medical Arts Ave. NE, Building 1 • Albuquerque, NM 87102
(505) 842-0808 • douglasgibbonsdds.com

For over 30 Years, city native Dr. Douglas B. Gibbons has given patients in the Albuquerque area and beyond top-class dental care with a smile. That kind of dental pedigree is in itself impressive, but perhaps even more so is the tremendous positive response Dr. Gibbons' practice has received from the community. To this day, recurring patients with decades of going to Dr. Gibbons' practice continue to make the good doctor their number one choice in dental health care, and new patients are consistently recommended by the old. "We know that people have a lot of choices when it comes to dental care, so

being chosen to care for them and their families is the highest honor we could ever receive," Dr. Gibbons says.

Dedicated to providing the very best patient care possible, Dr. Gibbons and his staff make it a point to give kind, compassionate, and friendly service alongside their excellent dental care. Always willing to consult with other talented Albuquerque specialists in the name of providing the best overall care to his patients, Dr. Gibbons' specialties reach beyond general dentistry to aesthetic and restorative needs, as well as splint therapy for jaw joint issues.

After three decades in the field, Dr.

Gibbons continues to pursue new skills and keeps up to date on new developments in dental medicine through numerous professional conferences, and is always looking for the next way to refine and improve the care of his patients. "On behalf of my wonderful staff and myself, I want to say that we look forward to meeting you, and seeing you again," says Dr. Gibbons. "Together, we can help you master the art of total dental care and excellent dental health."
